builds. It boasts a small foot print for easy mounting and can power applications that pose difficulty in mounting a twin cylinder engine.

Honda GX390 Engine Parts

It draws on decades of Honda engineering with its OHV design, delivering increased efficiency and optimal power transfer where and when you need it. The use of lightweight, noise-reducing materials and a forged steel crankshaft & rigid crankcase results in an exceptionally quiet engine - an improved piston design reduces mechanical noise, with an overall reduction of engine noise by up to 5dB.

Honda GX390 Engine | Honda Power Equipment NZ

Honda's GC and GS engines use the world's first small engine internal timing belt, designed to last the lifetime of the engine. Small engine timing belts are usually external and are subject to
