The best way to summarise is to realise that travel retailers and airports must really know their passengers. Only then can they customise their offerings to meet the needs of their customers. The only way they can access this information and tailor their offerings toward their customers is by using an omnichannel approach to travel retail.

Travel Retail Business

Boom. That's the sound of the travel retail sector blowing up as brands double-down on their efforts. It's not surprising as the sector will be worth \$125 billion by 2023 according to Allied Market Research. But it's also one that's full of challenges. One is time. The requirements of air travel - security, passport control,...
